Repaying your credit	Customers will be provided with a statement on the Statement Date selected by the customer each month, through the Wio app, and featuring all transactions carried out during the previous month from the approved credit limit. The statement will include all transactions made using your virtual cards that are linked to your credit limit. All amounts outstanding under the credit limit and as shown in the statement become due on the Statement Date, however customers can choose to pay only part of the amount due (subject to a AED 100 or 5% of the outstanding balance whichever is higher; if the total outstanding is less than AED 100, it must be paid in full) and carry over the remaining balance to the following month.
Easy Cash	The Customer can utilize up to 50% of their credit limit (Easy Cash Limit) as a cash advance. The Easy Cash Limit is an aggregate limit and not a limit per transaction. If the Customer makes an additional request of Easy Cash within 30 calendar days from the first request, all amounts borrowed and accrued interest will be payable on day 30. Customer may repay Easy Cash at any given time within the 30 days period and interest will be calculated until repayment date only. When Customer repays Easy Cash in full (principal and interest), a new Easy Cash cycle of 30 days will start on the date of the next disbursement. The Bank may (at its sole discretion) grant a grace period to repay Easy Cash and it will be informed in Wio App. During such period, penalty fee will not be accrued (daily interest will continue to accrue during the grace period at the same rate as the original Easy Cash agreement). Daily penalty fee will be payable at the end of the 30 calendar days tenor (or end of the grace period if applicable) if the outstanding balance is not fully repaid (principal amount and interest).
